TILDEN AND HENDRICKS' LETTERS OF ACCEPTANCE.

TILDEN'S LETTER.

ALBANY, July 31.—Following is

Governor Tilden's letter of acceptance

as nominee for the Presidency by the

St. Louis National Democratic Con-

vention, for the copy of which we are

indebted to the Associated Press.

GENTLEMEN: When I had the honor

to receive the personal delivery of your

letter, on behalf of the Democratic Na-

tional Convention, held on the 28th of

June at St. Louis, advising me of my

nomination as a candidate of the con-

stitution represented by that body for

the office of President of the United

States, I answered that at my earliest

convenience, and in conformity with

usage, I would prepare and transmit to

you my acceptance. I now avail my-

self of the interval in my unavail-

able absence to express my sincere

gratitude to the Convention, for mak-

ing its nominations, adopted a

declaration of principles, which as a

whole seems to me a wise exposition

of the policy of our country, and

of the reforms needed to bring back

the Government to its true functions;

to restore the purity of the Adminis-

tration, and to renew the prosperity

of the people. But such reforms are

so urgent that they claim more than

a passing approval. The necessity

The First Gun.

The news from Kentucky is to the effect that the election in that state on Monday last resulted in an immense majority for the Democratic candidates, even outnumbering her former large majority. In Alabama, where an election was held on the same day the Democratic majority of the last election was largely increased, many districts going Democratic which were then Republican. This insures a Democratic United States Senator in place of the corrupt and imbecile Goldthwaite, whose term expires on the 3d of March next. Verily the Presidential campaign opens most auspiciously for the Democracy.

SMALLPOX AT STOCKTON.—Thus far there have been reported 18 or 20 cases of smallpox at Stockton and three deaths out of the number. Measures have been taken to prevent its spread.

NO SOLUTION.—A conference of the European Powers over the Turco-Serbian war failed to arrive at any conclusion as to a plan of settlement. Battles are reported from day to day, each side claiming the victory. It looks as if the war would be prolonged.

CHICAGO "DEMOCRAT."—We have received a copy of this new German paper published in Chicago at 50 cents in advance for the campaign, or \$2 a year. It supports Tilden and Hendricks and is doing good service in showing up the corruptions of the Administration, and of the Republican party.

STATS FAIR.—We call attention to the advertisement announcing the State Fair for 1876. It opens September 18th, and closes September 23d. Forty thousand dollars will be distributed in premiums, besides gold medals, etc. The society announces the most attractive speed display ever offered by any agricultural society in the United States.

TILDEN AND HENDRICKS.—The letters of our candidates accepting the nomination of the St. Louis Convention, appear on our first and fourth pages. They are clear, forcible and harmonious in expression, worthy the great minds which conceived them. We consider them just the documents for the time, meeting exactly the needs and the wishes of the people.

Letter from Ohio.

The following interesting extracts are from a letter written by a gentleman in Ohio to his brother residing in Woodland. The letter is dated July 18th:

You are of course in receipt of the disaster to General Custer by the Sioux Indians. I would not have alluded to it but for the fact that I knew him well. He was in our division during the valley campaign and a brave, generous officer he was. To have him deprived of his command at the time he was, and for the sole reason of telling the truth which happened to be General Grant, was an act so stupid that there are but few of the President's advisers here who openly justify him in it, while his opponents of the Press are assailing him most unmercifully.

The coming campaign is to be a most exciting one. Last Fall the Republicans carried the State by a political fraud, representing the fact of a division of the School fund amongst the Catholic Schools, a measure already provided against in the Ohio Constitution, and thousands voted for their party on that account alone. To-day the German vote of Cleveland is said to be almost solid for the Democrats. While the thousands of good and true voters of the State who really desire "reform" are disgusted at the defeat of Eristox and are ready, if not to vote for Tilden, to welcome a change in national affairs. I meet Democrats every day, though we are in the minority in this County, but I think we will elect our Congressional and State officers. Our Congressmen and the whole crew will not call out the whole vote but will give a very good idea of how the State will go in November. There are always a crowd of drifters who follow in the wake of success that will be apt to hold the State in the second election for the party who carries the first, but we are sometime yet from the verdict and the interval may improve the prospects of the party.

Our times are very hard. No money in circulation, and thousands of persons idle. Farmers have as a rule hereabout, failed in their wheat crop, being winter killed. Many fields will not be reaped. They will turn in their hogs and save what has come to maturity. Hay is good but the wet weather has injured that. It has rained almost every day for fifteen days. The heat has been most intense.

CAMPAIGN NOTES.
ORIGINAL AND SELECTED.

General Hancock, the foremost of the name since old John Hancock of the Revolution, will lead the Tilden men in Pennsylvania. Charles Francis Adams, the son of John Quincy, and grandson of old John, heads the Tilden supporters in Massachusetts. Noble sons of noble sires.

A hopeful contemporary remarks: "Our Government has lived one hundred years, despite sixteen years of Radical rule, and any government that can stand that need have no fear whatsoever of perishing."

The Chicago Telegraph says the Germans in Illinois are organizing enthusiastically for Tilden and Hendricks. The Telegraph quotes Colonel Juessen, Schurz's brother-in-law, as saying that Schurz made the great mistake of his life in coming out for Hayes, and that the entire Western German vote are for Tilden.

Ohio had a Democratic Governor (Allen), and exchanged him for a Republican (Hayes), and the change has cost her taxpayers \$5,000,000. New York had a Republican Governor (Dix), and exchanged him for a Democrat (Tilden), and her taxpayers have made \$50,000,000 by the operation.

Hayes pledges himself to guard the interests of all classes alike. Yet it is charged that he is a Know-Nothing, and that on the morning of July 5th he was elected a member of the American Alliance, whose battle cry is, "Down with the Irish and Dutch."

Whenever you go to a Democratic meeting and hear somebody on the outskirts of the crowd cry, "Hurrah for Jeff Davis," let him have a brick between the eyes, advises the Louisville Courier-Journal, and the next morning you will hear of a Radical bumper laid up with a broken head.

In 1847 the Democracy expended only \$53,801,000; in 1848 only \$45,227,000; making a total for the two years of the Mexican war of about \$99,000,000. This is only about half as much (\$194,118,000) as the Republican party expended in the single year of peace, 1874.

Judge English, of Sacramento, who has just returned from the St. Louis convention and a run through the Eastern States, thinks that Tilden and Hendricks will be elected, the principal force in their favor being the general desire for a change, which he says he found prevailing in a large degree everywhere.

Says the New York Tribune: "The ability of Governor Tilden, and his integrity of purpose, may as well be acknowledged by his opponents. Men who honestly desire reform will not belittle his services in this city and State, nor will candid men doubt that he would make an earnest effort, if elected, to honor himself and his party by a pure administration."

Governor Hayes signed the bill increasing the fees and emoluments of Ohio officials \$5,000,000 per annum in the aggregate. Governor Tilden has decreased the taxation of New York more than \$5,000,000. This, the St. Louis Times thinks, tells the whole story.

A private letter from a gentleman in Albany, who knows all that anybody knows about New York politics, speaking of Governor Tilden's prospects, says: "Matters here look well. Letters pour in from all parts of the country. The Independents in New York will vote with us, while the movement among the farmers and the masses generally is something prodigious."

General Samuel T. Carey, of Ohio, has been nominated by the Greenback party for Vice President in place of Booth, declined. The General accepts.

Reports received from the most reliable sources indicate the rapid spread of Conservatism among the Negroes of Louisiana, and the New Orleans Picayune declares that thousands of them will vote the Democratic, or Conservative, ticket. They see that they have been alienated from their best friends; that they have been assisting an unscrupulous horde of political adventurers to rob themselves as well as the whites; that not one black in a thousand can obtain an office, and that ten years of allegiance to the Radical party has profited them nothing.

The cry of reform that is going up from the Republican press deceives nobody. They do not want it. Bristow, the candidate of the reform element, was ungraciously snubbed at Cincinnati, and then unceremoniously kicked out of the Cabinet.

The Vicksburg Herald says that the degrees of that section are told by the military commanders and the carpet-baggers that it is General Grant's order for them to vote for Hayes and Wheeler and that they will be put back into slavery if they do not obey.

It is a significant circumstance that all the Republican thieves and political traffickers are red hot for Hayes. Blaine, Babcock, Shepherd, Spencer, McDonald, and the whole crew will vote for their best efforts to elect Hayes, whom Jay Gould, another of the party, calls a "sincere reformer," and "all sufficient."

How is it that all the Republican papers of New York city and State are honest enough to bear testimony to the great and useful services of Governor Tilden, and to the further facts of his sincerity, honesty and ability?

Shall Tilden be elected? Ask the poor tax-ridden farmers and mechanics of this country, and they will thunder, "Yes!" so loudly that even Grant will be convinced, and tremble.

The Little Rock Gazette defies the Republican party to point to a time when either of the gentlemen whom they have selected as their leaders ever raised his voice in protest against the

robberies that have been perpetrated by Republican officials. If Republican officials have been guilty of crimes, these men have endorsed them by their very silence.

When the Pittsburgh Volksblatt, the Milwaukee Herald and the Illinois Staats Zeitung, all leading Republican papers, came squarely out in favor of Tilden and reform, the lips of the associated press agents were sealed. But let an individual or a paper pronounce for Hayes, and it is flashed over the wires instantly as an important acquisition.

A Vice President sold himself for a miserable pittance, a Cabinet officer systematically engaged in robbing soldiers and selling trading posts; another enriched himself and favorites by plundering the navy; still another forced balances in the public accounts, while notorious speculators and jobbers disgraced us abroad. Grant endorsed all these men. Hayes endorses Grant. A pretty picture of reform is this, indeed.

The following is an extract from the Rochester, New York, Chronicle, Radical: "Governor Tilden has succeeded in making the people understand the mysteries of the 'canal ring.' Every one knew that there was a great deal of pecuniary about it; but here comes a man who exposes all the tricks, and the people applaud him for the work he is doing."

Tilden has great strength in Yankee-dom. The South and the New England States will clasp hands over Ohio, elect Tilden, and declare the war externally closed and the bloody chasm not only bridged, but forever healed. "Tilden and reform, with one country, one aim, one common weal," is the shout that goes up from the shores of the Gulf of Mexico and is echoed back from the mountains of Maine.

The sixth resolution of the Republican platform pledges "that the prosecution of all who betray official trust shall be swift, thorough and unsparring." But a Republican administration is proving that the persecution of all who perform their official duties faithfully and well is "swift, thorough and unsparring."

Says the Salisbury (Mo.) Press: Now is the time, the accepted and propitious time, for Republicans to desert their sinking ship, which is corrupt, rotten and worm eaten from top to bottom. It cannot be so patched up as to be able to stand the storm. It must go down in November next. It's work is done. It ought to sink; it will sink. We mean it, we should not hesitate a moment but jump into the life boat at once.

Score of men who voted for Mr. Hayes last fall for Governor, says the Cleveland Plaindealer, will vote for Tilden for President in November. The people know that Hayes will make his appointments from and keep in power the same old Grant crowd. They want a change from attic to cellar, and will vote for Tilden.

The St. Louis Republican says: Hayes' letter does not hurt the feelings of a single member of the whiskey ring. Every member of that ring, in jail or out, is an active supporter of Hayes this day.

Information has reached the Democratic camp that several prominent merchants and bankers, principally in New York city and State, who have before been active and influential adherents of the Republican party, have announced their determination to support Tilden, because they have become disgusted with the administration of Grant, and believe nothing short of a radical change, embodying the principles of reform which Tilden represents, will restore prosperity to the country.

The nomination of Tilden has been received with great enthusiasm in Texas, which promises a majority of 100,000 for the reform ticket in November. An earnest Tilden man, who is also a prominent merchant in Galveston, writes that the Conservatives throughout the State propose to ignore all past issues and conduct the pending campaign upon the simple basis of reform in the administration of the Government, soliciting the cooperation of all honest men without distinction of race.

Blaine says that no one "who is not by nature a thief, has influence with the present administration."

There are twenty-seven German papers in the State of Ohio. Of these nineteen have declared for Tilden and Hendricks, five for Hayes and Wheeler, while three are yet undecided which candidates they will support.

Upon receiving the news of the nomination of Hon. J. K. Luttrell for reelection to Congress last week, the Democrats of Fort Jones fired a lively salute of anvils in his honor.

Colonel Fred A. Conkling, brother of the New York Senator, made a ringing speech at a Tilden and Hendricks Club meeting in New York city on the evening of July 24th.

Robert Lincoln, Esq., recognized everywhere as an able lawyer, and the only surviving son of Abraham Lincoln, will take the stump for Tilden.

William H. Herndon, of Springfield, Illinois, who for twenty-five years was Lincoln's bosom friend and law-partner has come out for Tilden, and says he shall do everything in his power to elect the Democratic ticket this fall.

The Sacramento Record-Union is of the opinion that the people "can not be got to swallow Grantism." That is very true, and it might with equal truth have added that they could not be got to swallow Hayes and Wheeler, since these gentlemen have gulped down both Grant and his administration.

CENTENNIAL EXHIBITION,
PHILADELPHIA, PA.

THIS GREAT INTERNATIONAL EXHIBITION, DESIGNED TO COMMEMORATE THE ONE HUNDREDTH ANNIVERSARY OF AMERICAN INDEPENDENCE, OPENED MAY 10TH AND WILL CLOSE NOVEMBER 10TH, 1876. All the Nations of the world and all the States and Territories of the Union are participating in this wonderful demonstration, bringing together the most comprehensive collection of art treasures, mechanical inventions, scientific discoveries, manufactures, minerals, agricultural products, and other exhibits. The grounds devoted to the Exhibition are situated on the line of the Pennsylvania Railroad, and embrace four hundred and fifty acres of Fairmount Park, all highly improved and ornamented, on which are erected the largest buildings ever constructed—five of these covering an area of fifty acres and costing \$5,000,000. The total number of buildings erected for the purposes of the Exhibition is more than two hundred. During the thirty days immediately following the opening of the Exhibition a million and a quarter of people visited it.

THE PENNSYLVANIA RAILROAD,
THE GREAT TRUNK LINE

—AND—
Fast Mail Route of the United States,

Is the most direct, convenient and economical way of reaching Philadelphia and this great Exhibition, and the only route which will pass its trains to and from Philadelphia and through a GRAND CENTENNIAL DEPOT, which the Company have erected on the Main Entrance to the Exhibition grounds for the purpose of accommodating the numerous large contingents to this station and the Exhibition, a convenience of the greatest value to visitors, and afforded exclusively by the Pennsylvania Railroad, which is THE ONLY LINE RUNNING DIRECT TO THE CENTENNIAL EXHIBITION. The Company will also stop at the Encampment of the Patrons of Husbandry, at Elm Station on this road.

THE PENNSYLVANIA RAILROAD IS THE OLDEST RAILWAY ORGANIZATION IN THE WORLD. IT CONTROLS SEVEN THOUSAND MILES OF RAILWAY, FORMING CONTINUOUS LINES TO WASHINGTON, OVER WHICH LEXINGTON DAY AND NIGHT CARS ARE RUN FROM CHICAGO, ST. LOUIS, LOUISVILLE, CINCINNATI, INDIANAPOLIS, COLUMBUS, TOLEDO, CLEVELAND, AND ERIE, WITHOUT CHANGE.

Its main line is laid with double and third tracks of heavy steel rails upon a deep bed of broken stone ballast, and its bridges are all of iron or steel. Its passenger trains are equipped with every known improvement for comfort and safety, and are run at faster speed for greater distances than the trains of any line on the continent. The Company has largely increased its equipment for Centennial travel, and will be prepared to build in short notice sufficient to fully accommodate any extra demand. The unequalled resources at the command of the Company guarantee the most perfect accommodations for its patrons during the Centennial Exhibition.

THE MAGNIFICENT SCENERY for which the Pennsylvania Railroad is so justly celebrated presents to the traveler over its perfect roadway an ever-changing panorama of river, mountain and landscape views unequalled in America.

THE EATING-STATIONS on this line are unsurpassed. Meals will be furnished at suitable hours and ample time allowed for enjoying them.

EXCURSION TICKETS, at reduced rates, will be sold at all principal Railroad Ticket Offices in the West, North-west and South-west.

BE SURE THAT YOUR TICKETS READ VIA THE GREAT PENNSYLVANIA ROUTE TO THE CENTENNIAL.
